

Compressed Air Solutions

Dynamic Capabilities

Aggreko is unsurpassed in developing compressed air solutions for a wide variety of markets and industries. Our people bring critical air expertise to every challenge—any time we are called, anywhere we need to go. From developing a low pressure 37,500cfm solution to keep an oil refinery's production flowing to making the wind blow at Mach 3.5 for an aerospace company and much more, Aggreko has the experience, skill and specialized fleet of equipment to get the job done right, right now. Aggreko helps improve production, implement backup redundancies and enable reserve capacity for volume requirements to keep profits going strong.

High Performance Equipment

Aftercoolers

A complete line of aftercoolers, up to 3,000cfm, can achieve temperatures to within 5°F of ambient, with trailer-mounted and skid-mounted options also available.

100% Oil-Free Electric Air

The fleet of electric compressors delivers from 200 to 1,500cfm at pressures up to 125psi and offers discharge temperatures of only 20°F above ambient.

Desiccant Dryers

Available in sizes from 450 to 10,000cfm, these dryers come equipped with mounted particulate and oil-removal prefilters, automatic condensate drains and down to a .01 micron afterfilter.

High-Pressure Air

Our units are capable of pressures from 150 to 350psi at a maximum volume capability of 1,250cfm. These units are aftercooled to 15°F above ambient.

100% Oil-Free Diesel Air

Our 100% Oil-Free compressor fleet delivers from 900 to 1,500cfm at air pressures to 150psi with a discharge temperature of only 15°F above ambient.

Refrigerated Dryers

These skid-mounted units range in size from 400 to 10,000cfm and are capable of pressure dew points down to 38°F.

Air Accessories - Hoses, Fittings, Manifolds, Auxiliary Fuel Tanks, Air Receivers

For over four decades, Aggreko has provided rental energy solutions that go above and beyond industry standards. We bring a world of experience to each and every job, led by people with unequalled expertise within the industries we serve. Through innovation and a commitment to continuously developing new solutions and enhancing service options, we ensure a higher level of performance. And, with 50 locations in North America and 120 locations worldwide, our 24/7/365 service is available where you are.
